State Leadership Conference (SLC) Registration

Overview

2021 SLC registration has some notable changes this year when registering students for competitive events.

- When registering for Team events, make sure you designate a TEAM CAPTAIN. Team captains will be the only members of a team able to submit their documents and videos to the Judge Pro system.
- In order for each member to have access to the SLC virtual platform, each participant will be required to list an email address – this includes students. Idaho FCCLA will import the email addresses into the SLC virtual platform.

Cost and Fees

Idaho FCCLA has made the decision to adjust the conference fees for 2021 SLC in order to assist its members and promote attendance.

- A \$75 chapter fee will be required for each chapter that is registered. This fee will also count as the adviser registration fee.
- An additional \$5 per STAR Event participant will be charged
- SLC T-Shirts will still be sold for \$15.00 each
- We will still have merch boxes for sale with if you would like to order
 - o Gold: \$35.00
 - o Silver: \$25.00
 - o Bronze: \$15.00
 - o Insulated Tumbler: \$25.00
- 75th Anniversary pins: \$2.50

Required URL Access

Event Submission Guidelines

General

For each STAR Event, students will be permitted to submit up to 3 files. **Entries that are not submitted electronically or are not received by the deadline will NOT be considered for competition.**

Portfolios and Documents

All portfolios and documents **MUST** be saved and submitted as a PDF file type.

Videos

Video submissions will take place of the presentation in front of the judge panel in most cases. For each video, the student must submit an unedited version. A clock of some type must be visible in the background to ensure videos are not edited. Points will be reduced if there is no clock showing real time.

All video submissions **MUST** be submitted as a URL that is accessible by those who will judged the project using the URL link.

Popular ways to submit video links are through a Google site or through a private YouTube channel. Instructions for setting up an unlisted YouTube video are below.

YouTube Video Upload Instructions

STAR Events participants should upload the video entry to YouTube as an UNLISTED video (***as an unlisted video, the video will not appear in any of YouTube's public spaces such as search results, your channel, or the Browse page. Only people with whom you share the link will be able to view it***). Instructions to upload content to the online judging platform will be made available upon registration for SLC. **Entries that are not submitted electronically or are not received by the deadline will NOT be considered for competition.**

YouTube Unlisted Instructions

Change Privacy Settings
